Subject: FW: Presentation of Elk Hills Tulare Aquifer Exemption Documentation

This was an offer made by DOGGR yesterday, if we are interested in hearing Oxy's presentation of information about the Elk Hills Tulare formation exemption request. As I know this is the aquifer where the Elk Hills Class I permit is injecting, I thought it might be of interest, although it is in Bakersfield.... Not sure if some kind of webinar or VTC might be possible. Feel free to communicate directly with Jerry. I'm copying Joel in case he may be interested in joining/listening in.

Jerry: Of course. I was thinking the same thing early this morning! So yes Affirmative.

Thanks Rick

Richard,

I know you originally planned this meeting for the RWQCB. Yesterday, I mentioned this scheduled presentation to EPA, is it ok to send an invite to them?

Jerry
